

PET SANITARY products

Turning a *crappy* situation
into a CUTE and FUN addiction

Diaper, they are not just for humans. In fact, pet diaper can be necessary (and a relief for pet parents) due to a variety of factors, typically related to health. Pet Diaper is mainly used to clean the excretion of cats, dogs and other domestic pets.

Because of all round three- dimensional enclosure design and firmly lock the liquid, we needn't to be afraid of our pet running and climbing and other large-scale activities.

It makes us feel more at ease. Cotton soft skin surface can reduce the friction of pet skin, not easy to fall off, which can make us more worry free.

PET DIAPERS

1 Elastic waist – Wider and more comfortable

2 Four side leak guard – Prevent the liquid out, keep the dog's skin dry

3 Two grooves on the cotton core – Close fitting design

4 A foam around the hole – Fix the dog's tail better

Specifications Packing	Scope of application
Mini	weight 0.5-1.5kg, waist 12-18cm
XXS	weight less than 1-2kg, waist 18-30cm

Characteristic presentation

Ordinary diapers :

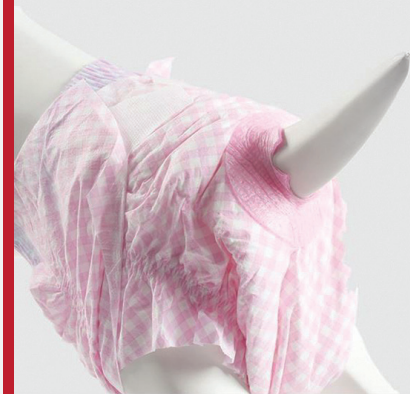

The tail opening is fixed and the dog's tail is too small or too big to wear. It's causing the dog to wear uncomfortable.

DONO diaper :

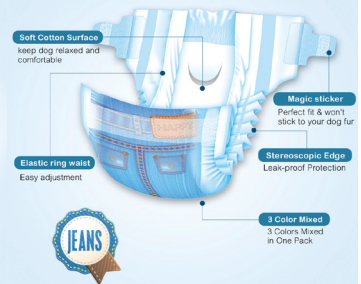

The benefits of foam,

1. Free adjustable size for dog tail
2. Prevent wood pulp from leaking

It makes the dog more comfortable and also makes us more relaxed.

MALE WRAPS

Prevent the dog from urinating

DONO Male Wraps is specially designed for male dogs. At the bottom of the wrap, there are three yellow urine display designs. We can find how much urine the dog has at any time and replace it in time.

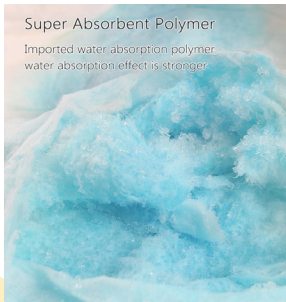

Prevent dogs from harassing other female dogs during estrus

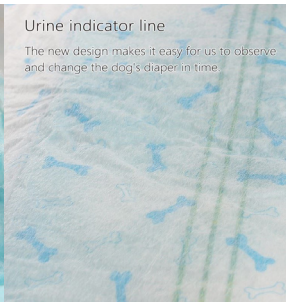

The old dog is incontinent

High polymer absorbs a lot of water, giving our dog the most intimate care. DONO pet male wrap always can solve a number of questions for us.

Waterproof, soft, and composite membrane back sheet.

Super Absorbent Polymer
Imported water absorption polymer water absorption effect is stronger

Urine indicator line
The new design makes it easy for us to observe and change the dog's diaper in time

360° elastic waist
All round protection to effectively prevent leakage

DRY AND BREATHABLE

Multi-layer water lock structure + Super breathable composite film

DONO Pet Pads is a kind of water absorption deodorization pet urine pad. Disposable Pet Training Pad helps to protect your linens, mattress, and furniture from incontinence. Available in different sizes, the disposable under-pads feature a quilted mat for enhanced fluid dispersion, soft interior liner that does not irritate skin and a smooth outer barrier that assists.

Five layers of water absorption structure including non-woven fabrics, tissue paper, wood pulp polymer, tissue paper and PE film at the bottom. That can tightly lock the urine. Effective deodorization and odor removal protect your dog from germs and keep it from getting sick. Remember to change another pad once a day.

FOR CAT & DOG

PET WIPES

DONO Pet Wipes is specially designed for pets. It has slightly alkaline PH for refreshing skin care.

Why slightly alkaline PH is so important?

If pets use wipes with PH value inconsistent, the skin will be out of balance due to acid and alkali, which will lead to the growth of bacteria, creating odor and easy to get sick.
